Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 03 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Staying cold for the next few days.

This Evening and Tonight:
Further showers affecting eastern, central and southern parts of the UK, showers wintry over hills. Clearer and drier in the north and west, especially northern Scotland where a few freezing fog patches. A cold night and some icy patches about.

Monday:
Showers continuing across eastern, southern and central UK whilst some more persistent rain develops over far southeast England. Brighter in the north and west. Windy for many and feeling cold.

Outlook for Tuesday to Thursday:
Remaining cold with wintry showers continuing through midweek. A band of rain, sleet and snow arrives across the northwest on Wednesday, before pushing erratically southeast across the country on Thursday.
